

## **Open Position: Instructional Consultant, University of Michigan, Center for Research on Learning and Teaching in Engineering**

The Center for Research on Learning and Teaching in Engineering (CRLT-Engin) at the University of Michigan invites applications for an instructional consultant position with an emphasis on Graduate Student Instructor (GSI) development.

CRLT-Engin is a partnership between the College of Engineering and CRLT with a mission to support excellence and innovation in engineering education.

The successful candidate will be responsible for developing and implementing programs and activities for the improvement of engineering graduate student instructors. This includes the following:

- Oversee the engineering teaching orientation programs for graduate student instructors (GSIs) and undergraduate instructional aides (IAs),
- Coordinate the Engineering Teaching Consultant program,
- Coordinate the CRLT-Engin Seminar Series for GSIs
- Consult with graduate student instructors and faculty
- Conduct midterm student feedback sessions.

Applicants with extensive experience will be considered for an Assistant Director title. Candidates from backgrounds historically underrepresented in faculty development are encouraged to apply.

Starting date: As soon as possible. Review of applications will begin immediately and continue until the position is filled.

Job requirements: Completed Ph.D. in engineering, engineering education or related STEM field; college teaching experience in engineering or related STEM field; faculty and/or GSI development experience; strong oral and written communication skills; and ability to work effectively with graduate student instructors, faculty, and academic administrators.

Desired qualifications: Experience in program planning and administration, experience with assessment or educational research, experience promoting the effective use of instructional technology in the classroom, familiarity with scholarship on faculty development, familiarity with University of Michigan policies and procedures.

To apply:

- Visit the University of Michigan Job Site: <http://www.umich.edu/~jobs/>
- Under "Keyword," search the system with the following position number: 127588. Click the "Apply Now" button on the top right of the next page.
- Click on the appropriate link (external applicants or those at U-M), then click on the "Apply" button at the bottom of the page. Sign in (or create a new account to sign in).
- Upload a cover letter and CV as a single document (applicants may only upload one document)
- For questions contact, [crltengin@umich.edu](mailto:crltengin@umich.edu).

The Center for Research on Learning and Teaching in Engineering (CRLT-Engin) represents a partnership between the College of Engineering and the main CRLT office. Established in 2004, CRLT-Engin is staffed by experienced engineering educators who work in close collaboration with engineering faculty and administrators. CRLT-Engin promotes excellence in learning and teaching through the facilitation of evidence-based teaching practices that supports all students. For information about CRLT-Engin, visit <http://crlte.engin.umich.edu/>.

The University of Michigan is an equal opportunity affirmative action employer.
